TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

(L.S.)

To the Inhabitants of the Town of Salem, in the County of Rockingham, in said State, qualified to vote in town affairs:

You are hereby notified to meet at the town house, in said town, on Tuesday, the tenth day of March next, at six-thirty (6:30) of the clock in the forenoon, to act upon the following subjects:

ARTICLE 1. To choose all necessary town officers for the ensuing year.

ARTICLE 2. To hear the report of the budget committee and act thereon.

ARTICLE 3. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations for the same.

ARTICLE 4. To see if the town will vote to raise any more money for the repairs of highways than the law requires.

ARTICLE 5. To hear the reports of agents, auditors, committees, or officers heretofore chosen, and pass any vote relating thereto.

ARTICLE 6. To see if the town will vote to authorize the town treasurer to hire, with the approval of the selectmen, such sums of money as may be needed for general purposes in anticipation of taxes.

ARTICLE 7. To see what action the town will take relative to lighting the streets, and raise money for the same.

ARTICLE 8. To see if the town will vote to raise a sum of money not to exceed fifteen hundred dollars (\$1,500), for the purpose of providing police officers for the ensuing year.

ARTICLE 9. To see if the town will vote to raise the sum of fifteen hundred dollars (\$1,500), or any part thereof, for the removal of snow from the highways.

ARTICLE 10. By request of library trustees. To see if the town will vote to raise the sum of seven hundred dollars (\$700), or any part thereof, above the sum required by law, for the support of the Salem Free Public Library for the year 1936.

ARTICLE 11. By request of library trustees. To see if the town will vote to raise the sum of one hundred dollars (\$100), for the repairs of the library building and equipment.

ARTICLE 12. By request of Chester T. Woodbury. To see if the town will vote to raise the sum of one hundred dollars, (\$100), or any part thereof, to maintain and improve the Town Common and the Public Square near Pine Grove Cemetery.

ARTICLE 13. By request of special water committee. To see if the town will accept and adopt the report of the

special water committee appointed at the 1935 town meeting.

ARTICLE 14. By request of special water committee. To see if the town will pay for fire protection and hydrant service in the sum of thirty dollars per hydrant per year; providing, however, that the town shall not raise by taxation any money to pay the bonded debt of the water department.

ARTICLE 15. By request of Ernest W. Young Post. To see if the town will vote to raise the sum of two hundred and fifty dollars, (\$250), or any part thereof, for the use of Ernest W. Young Post, No. 63, American Legion, to be expended in the observance of Memorial Day in the year 1936.

ARTICLE 16. By request of Paul C. Cronin. To see if the town will vote to raise the sum of five hundred dollars (\$500), or any part thereof, to tar and gravel Park Avenue.

ARTICLE 17. By request of Henry Pendergast and others. To see if the town will vote to gravel and tar the highway leading from Cluff's Crossing to Foster's Corner and raise the sum of three thousand dollars, (\$3,000), or any part thereof for the same.

ARTICLE 18. By request of John E. King and others. To see if the town will vote to build a tarvia road leading from North Salem to Salem Center. Parcel No. 1—beginning at end of tarvia road at foot of the hill to tarvia road at fork of road leading to residence of James Cullen about 9/10 of a mile. Parcel No. 2—Beginning at end of tarvia road at Reed's Corner to tarvia road near the residence of Albert Searle, about 7/10 of a mile, and raise

the sum of five thousand dollars, (\$5,000), or any part thereof for same.

ARTICLE 19. By request of C. J. Shirley. To see if the town will vote to widen the bridge near Shadow Lake and raise money for the same.

ARTICLE 20. By request of Nettie Charboneau and others. To see if the town will vote to raise the sum of two hundred dollars, (\$200), or any part thereof, to gravel and tarvia Corliss Road.

ARTICLE 21. By request of Walter H. Smith. To see if the town will vote to continue tar and gravel road from residence of H. J. Hilberg on Howard St. to residence of Walter H. Smith, or any part thereof and appropriate five hundred dollars, (\$500), for same.

ARTICLE 22. By request of L. J. Dyson and others. To see if the town will vote to raise the sum of fourteen hundred dollars, (\$1,400), to repair with gravel and tar the road leading from the state line near F. X. Caron's to the state road including both approaches.

ARTICLE 23. By request of Thomas Sharpe, Jr. To see if the town will vote to gravel and tar Lawrence Road starting from Hampshire Roads, and continue past No. 9 school and raise money for same.

ARTICLE 24. By request of Walter E. Stickney and others. To see if the town will vote to accept state aid on the road from Cow Bell Corner to the Atkinson town line and raise the sum of twenty-four hundred dollars, (\$2,400), or any part thereof for the same, and if state aid is not available, vote to accept any other state or federal money that may be obtained and raise money for same.

ARTICLE 25. By request of William J. McMasters and others. To see if the town will vote to raise the sum of three thousand dollars, (\$3,000), or any part thereof to extend the tarvia road from Hall's Corner, so-called, to the Pelham Road.

ARTICLE 26. By request of George H. Coleman and others. To see if the town will vote to repair the roadway in Cross' Grove, so-called, and raise money for the same.

ARTICLE 27. By request of Richard Garabedian and others. To see if the town will raise the sum of one thousand dollars, (\$1,000), or any part thereof to tar and gravel Salem Street from the Mount Ararat Church to the state line and raise money for the same.

ARTICLE 28. By request of the members of the Mt. Ararat Congregational Church. To see if the town will vote to install approximately ten (10) street lights from Hall's Crossing to the No. 8 school and thence to the Church, and raise money for the same.

ARTICLE 29. By request of Fred K. Duston. To see if the town will vote to install a street light near the Littlefield farm on Policy Street, and raise money for the same.

ARTICLE 30. By request of Peter H. Azarian and others. To see if the town will vote to extend the water main on Cross Street from the residence of H. A. Graichen to the residence of Jerry Bauters and raise money for the same.

ARTICLE 31. By request of S. Donigian and others. To see if the town will vote to raise the sum of one thousand dollars, (\$1,000), to continue the state aid on the Pelham Road where it left off, to the No. 7 school house.

ARTICLE 32. By request of Walter S. Woodbury and Amy M. Woodbury. To see if the town will vote to accept from the John W. Woodbury estate the sum of one hundred dollars, (\$100), as a perpetual fund, the interest to be expended in the care of the John W. Woodbury lot in Pine Grove Cemetery.

ARTICLE 33. By request of Rena M. Hooper. To see if the town will vote to accept from Rena M. Hooper the sum of one hundred dollars, (\$100), as a perpetual fund, the interest to be expended in the care of the Nellie French lot in Pine Grove Cemetery.

ARTICLE 34. By request of Henry P. Taylor. To see if the town will vote to accept from Henry P. Taylor and Est. of Charles J. Palmer the sum of one hundred dollars, (\$100), as a perpetual fund, the interest to be expended in the care of the H. P. Taylor and C. J. Palmer lot in Mount Pleasant Cemetery.

ARTICLE 35. By request of Clinton L. Silver estate. To see if the town will vote to accept from Clinton L. Silver estate the sum of one hundred dollars, (\$100), as a perpetual fund, the interest to be expended in the care of the Clinton L. Silver lot in Pine Grove Cemetery.

Given under our hands and seal this twenty-first day of February, in the year of our Lord nineteen hundred and thirty-six.

REPORT OF PUBLIC LIBRARY TRUSTEES

The forty-third report of the trustees of the Salem Public Library is herewith submitted:

The new cataloging system has been completed and should prove beneficial to both the librarian and patrons of the library.

This feature together with an excellent selection of current magazines and new volumes of high quality acquired during the year has resulted in an increase of 1618 volumes circulation, amounting to more than 13% over last year.

An innovation during Book Week in the form of a Children's Story Hour given by Mrs. Charles Nelson proved very popular.

Signed,

MARGUERITE NUTTING,
MARY A. FISK,
CHESTER T. WOODBURY,

Trustees.

REPORT OF THE PUBLIC LIBRARY

Gentlemen: I herewith present the annual report of the Public Library from February 1, 1935 to February 1, 1936:

L. WALLACE HALL, *Justice.*

REPORT OF THE SALEM FIRE DEPARTMENT

There has been during the past year 62 Bell Alarms and 8 Still Alarms for the fire company to respond to. The fire loss for the year was \$5,147.16. Most of the loss was to property in the outlying districts.

The equipment and station is in fine condition and the public is invited to visit the station and see for themselves what they are paying for. The new apparatus has been used for one year and a half and has given wonderful performances. The older piece of apparatus has a new booster tank, the pump has been overhauled, also the body. The immediate needs of the department is in having the motor overhauled and the body painted. These things can be accomplished out of the regular fire appropriation without calling upon the taxpayers for any more money.

R. V. EBERT,
Fire Chief.

SPECIAL WATER COMMITTEE REPORT

The committee appointed under Article Thirty of the 1935 Town Warrant to make a survey of the Salem Water Works and submit recommendations for a long term plan of future development of the system with the object in view of ascertaining future needs of same to place the system on a self-sustaining basis, beg to submit the following report:

With the cooperation and assistance of the present water board, the committee has accumulated considerable data from the Town Reports of the past twenty years, and has made a preliminary survey of the Water Works property. Considerable difficulty was experienced in arriving at a satisfactory value for the present system. Initial costs of materials and labor were greatly different from present day values and opinions differ as to the proper basis on which to figure depreciation. In this respect practices in other communities vary considerably. Haverhill, Mass., uses a 1% flat rate per annum on the installed cost of pipe systems. Manchester, N. H., figures 3%. Your committee has deemed it advisable for the purposes of this report to use a 2% flat rate, the replacement cost of pipe and an average laying charge of 75c per linear foot. For Diesel motor driven pumps the usual practice is to figure 6½% depreciation annually and for tanks and other accessories a 4% depreciation. For the purposes of this report this practice has been adhered to and these figures used. In this manner the following inventory has been estimated, details of which will be found at the end of the report.

Pipe distributing system	\$110,770.21
High pressure service equipment, (Pumping Station, Stand Pipe, etc.)	18,575.45
Miscellaneous properties of the Water Dept. (Truck, Hand Pumps, Tools, etc.)	1,000.00
Present estimated total	130,345.66

It appears that during the earlier period of the operation of the water department the financial return, in proportion to the money invested, was much better than for the later period. Prior to 1924 when the high pressure system was installed only \$5,000.00 was raised by taxation for the extension of the original system, whereas since that time over \$90,000.00 has been raised by taxation and together with \$5,000.00 taken from the treasury of the water department has been used to extend and improve the system. During that time the gross annual income has increased approximately \$5,000.00, but owing to increased expense in operation incident to the high pressure service the income has not increased in proportion to the larger investment.

A survey has been made by the committee of some of the extensions for which this \$95,000.00 has been expended and the following are typical:

Name of Extension	Date	No. of Services	Original Cost	Annual Earnings	% of Cost
Hird or Cluff St.	1925	21	\$16,517.00	\$361.00	2.18
No. Salem Rd. & McLaughlin Ave.	1925	18	8,034.00	214.00	2.65
Salem Street	1929	16	8,468.00	330.30	3.90
South Broadway	1929	9	3,511.00	170.00	4.85
No. 8 School House or Kelly Rd.	1930	9	6,794.00	164.00	2.43
So. Brdwy-Kly. Crsng. to Hamp. Rd.	1934	5	9,219.00	87.00	.96

It is clearly evident from the above figures of these examples that extensions have been made with little apparent consideration of revenue and have placed an excessive burden on the taxpayers. It is the opinion of the committee that such appropriations by taxation should be discontinued and that in the future extensions to the system should be made from the revenue of the water department and then only when the earnings of the extension shall be sufficient to cover its proportional share of depreciation, maintenance and operating charges unless the system as a whole should, in the opinion of the Water Board, be sufficiently enhanced to offset an insufficiency of direct earnings.

For a proper consideration of the equitable distribution of the cost of any municipal water service it must be borne in mind that the service rendered falls into two main classes. Briefly these are, (1) The provision of water for domestic and industrial consumption and (2) Fire protection. It is quite obvious that the cost of the domestic and industrial supply should be paid for by those who use it in proportion to the various amounts consumed. It should be equally obvious that only by the complete metering of the whole system, can a fair and equitable distribution of the charges for this type of service be accomplished. This one purpose should be sufficient argument for the immediate general installation of meters. There is, however, a further advantage to be gained, in the economy of the use of water which meters always induce. It has been the experience in communities where meters have been installed that a noticeable reduction in the amount of water consumed has occurred. The magnitude of this economy in some of the communities which have adopted meters has been found to be such that all the initial cost, maintenance, repairs, depreciation, et

cetera, on the meters has been offset in a very few years by the reduced pumping costs. In Salem with it's flat rate it has been found that variation in rates of consumption has been such that water is being supplied at the present time, in some instances, at as low a rate as $1\frac{1}{2}$ c per hundred cubic feet, while in surrounding communities where meters are in use rates per hundred cubic feet vary from 12 to 35 cents. The committee therefore believes that this condition should be corrected and recommends that a general metering of the whole system be accomplished as rapidly as the Water Board can finance their purchase and installation.

It is very difficult to place a tangible value of the fire protection service which a municipal water system renders to a community. There are several factors involved such as, the number of hydrants and their locations, the pressure maintained and the value of the properties in the area which enjoys the protection. That this type of protection in Salem has some tangible value is acknowledged by the fire insurance companies to the extent that the rates were reduced approximately 25% after the high pressure system was put into service. It would seem, therefore, that any equitable distribution of the cost of a water service system must place a portion of the cost on the property receiving the benefit of the fire protection and distribute that proportion on the basis of value. The proportion of service cost to be thus charged is somewhat problematical, but to charge 25 per cent of the annual operating cost of the system against fire protection does not seem unreasonable. The committee, therefore, recommends that a payment of \$30.00 per hydrant be included in the annual town budget for the use of the Water Board.

In view of the \$50,000.00 paid for the original system and the \$100,000.00 which the town has subsequently in-

vested in it the committee feels that the Water Board should receive an 8% annual revenue or \$12,000.00. The estimate of 8% is consistent with practices in other communities and is based on 4% for operating costs, including interest charges on outstanding bonds, 2% for maintenance costs and 2% to cover depreciation. Deducting \$3,000.00 estimated from the contemplated hydrant rental charge to the town there would remain \$9,000.00 to be collected by the Water Board from all water services. This revenue is sufficient to permit the Water Department to render satisfactory service and also assume the obligation of paying off the present annual payment of \$3,000.00 on the \$13,000.00 worth of outstanding bonds. It will also include a sufficient surplus to provide for depreciation and all necessary future extensions. If this plan is adopted it will not be necessary in the future for the town budget to include any item for water service extension. Future extensions should not be made unless revenue of 8% on the investment can be assured. In this regard, however, it is the opinion of the committee that the advisability of making extensions should be left in the hands of the Water Board, thereby placing the responsibility for the results on them. It is not the intent of the committee that this report shall be considered in criticism of the present or past members of the Water Commission. They have made extensions only when directed to do so by the vote of the town meeting and can not be held responsible for the results which have been cited. On the contrary, the committee desires to express its appreciation to the members of the Water Board for their cooperation in supplying the committee with data without which this report would not have been possible.

The chairman wishes to take this opportunity to thank the other members of the committee for their hearty cooperation and attention to the duties assigned to them

and is pleased to state that no expense except for printing this report is attached to the activities of the committee.

Signed,

CHARLES H. BORCHERS,
CLARENCE L. NUTTING,
HARRY A. OSGOOD,
JOHN A. PATTEE,
WILLIAM E. LANCASTER.

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

*To the Inhabitants of the School district in the town of
Salem qualified to vote in district affairs:*

You are hereby notified to meet at the Woodbury High School in said district on the 14th day of March, 1936, at 1:30 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the School board in its annual report.

Given under our hands at said Salem this fifteenth day of February, 1936.

CLARENCE W. MERRILL,
HOWARD C. SMITH,
HOWARD S. WILLIS,
School Board.

A true copy of Warrant—Attest:

CLARENCE W. MERRILL,
HOWARD C. SMITH,
HOWARD S. WILLIS,
School Board.

CLARENCE W. MERRILL,
HOWARD C. SMITH,
HOWARD S. WILLIS,
School Board.

Salem, N. H., February 15, 1936.

REPORT OF THE SCHOOL BOARD

We are pleased to present this report relative to the condition of the schools and what, of a somewhat major nature, has been done to maintain them in good condition. In general the schools are in good repair, and, barring unexpected emergencies, should be so maintained by careful attention to the details each year at not too great a cost.

Woodbury High School. The new heating system has proven quite satisfactory during the protracted cold weather which we have experienced since its installation. During this past year all the seats in the auditorium have been repaired and refinished. A bad leak in the roof above the auditorium has been repaired.

No. 1 Schoolhouse. A three-foot cement apron has been extended almost completely around the basement wall,

and it is to be hoped that the difficulties of water in the basement have been overcome. The ceilings have been washed and whitened.

No. IV Schoolhouse. This was redecorated inside and the chimney repaired.

No. V Schoolhouse. While this building was in fairly good condition this year yet it was felt that we could do some redecorating this coming summer which will put this school in good condition.

No. VI Schoolhouse. This building was in need of flooring on the East porch, and was completely rebuilt. At the same time the flat roof was repaired.

No. VII Schoolhouse. This was redecorated on the inside and cement steps constructed at the front doors. The chimney was pointed up. It is hoped that we may be able to give this building one coat of paint on the outside this coming summer.

No. VIII Schoolhouse. A shelter was built over the rear basement door, and the flow of water directed away from the building by building a cement buffer. This has eliminated the condition of water in the basement and furnace pit from this source.

No. IX Schoolhouse. This is in good condition at present.

It has been our intention to keep the school property in as good condition as possible with a minimum of expense. However, nothing has been intentionally neglected for the sake of economy, for we feel that, by caring for our maintenance problems while they are small, we are able to keep our cost of upkeep at a minimum. In this connection, we are grateful to those who have co-operated with us and wish to express our appreciation at this time.

Respectfully submitted,

CLARENCE W. MERRILL,
HOWARD C. SMITH,
HOWARD S. WILLIS,
School Board.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and the Citizens of Salem:

It is with pleasure that I present my annual report as Superintendent of Schools. Included in this report is the school organization for 1935-1936 and reports by the Headmaster of the High School, the Music Supervisor and the School Nurse.

Mr. Murray J. Wright after serving three years as Headmaster of the Woodbury High School resigned his position in order to accept a position in Nashua. Mr. Wright served the High School well and added materially to its development. Mr. Jesse J. Morgan, the Headmaster at Milford, New Hampshire, was appointed to fill the vacancy. Mr. Laurence Cornwall and Miss Esther L. Dunham resigned their positions at the High School. Mr. Eugene Rourke and Miss Gwendolyn Swanson were appointed to the vacancies thus caused. There were two resignations in the elementary schools. Miss Gertrude Lawrence at No. 5 School, and Mrs. Christine P. Nelson at No. 7 School. Miss Marjorie Smith was appointed teacher at No. 5 and Miss Mildred Kane at No. 7.

There were 727 pupils enrolled last year, which was two more than during the previous year. The total school attendance averaged 94.90% of the membership. The average for the state was 94.66%. Fifty-six pupils graduated from the eighth grade and fifty-three of these entered high school. The Sons of the American Revolution Medal was awarded to Richard Bodwell. The Board of Trade Medals for excellence in scholarship were awarded to the following: Gold—Muriel Austin; Silver—Caroline Pettengill; Bronze—Lucille Bagnell.

November 11-15 was observed as National Education Week in our Schools. In observance of this week invita-

tions were extended to parents to visit the schools. The response was excellent.

A radio was recently purchased for No. 8 School with the proceeds of two operettas given by the children of this school. Through the American School of the Air, a thirty minute period is conducted on school days by experts in one of the departments of Geography, History, Languages, Science, Music or Art. Since these broadcasts frequently correlate with our daily programs and with the pupils' study and preparation, they supplement to advantage the regular classroom work.

Miss Helen Thomas continues in charge of Health Supervision. In addition to Salem, she serves in the same capacity, the other four school districts in our supervisory union. In this work it is of special advantage to have the continuous service of one qualified and acquainted with pupils and many of the homes and parents.

We wish here to express our appreciation to local organizations and individuals that have made contributions for the assistance of needy children. The Salem Woman's Club and Salem Lions Club have made generous contributions which made it possible to have a fine dental clinic. The Woman's Club sponsored a toxoid clinic last fall at which over a hundred pre-school children were made immune to diphtheria. A fine reception to all the teachers of the town was held early in the school year under the auspices of the Woman's Club. I hope it will be possible to make the reception to the teachers an annual event.

The report of the Headmaster will furnish a detailed account of the activities of the Woodbury High School. I am pleased, however, to speak of the splendid work of the school. The teachers are giving their best to the young people. The school is wisely progressive. Morale and conduct are very good. Students attending our High

School have the opportunity of choosing studies which are divided into four groups or courses of study as follows:

1. General
2. College Preparatory
3. Home Economics
4. Commercial

This plan offers ample opportunity for girls, but we are not doing so well by our boys. There is an urgent need for a shop course for those boys that are not academically inclined. The obstacle to be overcome before such work can be started is lack of room.

Last Spring a new method of teaching penmanship was introduced. Letter forms, slant and arm movement are about the same as in the former method. The feature of the new plan is that instruction becomes individual instead of group. The practice work is designed to remedy more effectively the defects in the penmanship of the individual. After a word, sentence, or paragraph has been copied from the model, it is analyzed by the teacher for defects. Then each child works to improve his writing by overcoming the difficulty. There are awards in the form of badges for those children that reach the standards set up for each grade.

Good teachers are the first requirements for effective work in education, but regardless of the experience and standards of the teaching staff, close and efficient supervision is required to secure satisfactory results. In supervision, the chief function is to further the child's learning and growth. More recent thinking in the field of education has been directed toward the bettering of conditions which affect learning. Visiting and conferring with teachers is important; but this is not all. The selection of subject matter, supplies and equipment, the scientific study of teaching problems, the development and maintenance of professional spirit and morale are very essential.

The policy of the School Board in liberally supplying equipment, supplies and textbooks is commendable. The materials of instruction are thus kept up to date.

There is good progress in the work of all our schools. The fundamentals are being adequately stressed. To aid in directing instruction in the fundamental standardized tests are given each year. Thus we are able to determine the standing of each class and individual as compared with others in the same grade elsewhere. These tests have another valuable function—to determine the points of weakness in each pupil's preparation, and thus to guide the teachers in providing drill where most needed. Many progressive tendencies prevail. The pupils are developing responsibility, co-operation, service and other character traits through school room activities. Individual differences are cared for. Creative experiences in art, dramatics, music, English expression and other fields are fostered.

Much space might be taken here in stating the progress the schools are making. An occasional visit of an hour or more and a conference with the teacher at the end of the day will be far more satisfactory to parents and to others who are interested than to read about school activities. Salem children are at work at least 175 days in the year, and both Teachers and Superintendent are only too glad for the townspeople to get better acquainted first hand with the things they are doing.

In conclusion, I wish again to express my appreciation to the teachers and pupils, to the School Board and to the parents and patrons of our schools for the loyalty and co-operation which has contributed so much to the children's progress.

Respectfully submitted,

WILLIAM J. NELSON,
Superintendent of Schools.

February 15, 1936.

REPORT OF HEADMASTER OF HIGH SCHOOL

To W. J. Nelson, Superintendent of Schools, Salem, N. H.:

I herewith submit my first annual report as Headmaster of Woodbury High School.

Enrollment

School opened on September 4, 1935 with 255 pupils in attendance. Total enrollment for the year to date is 265. The present membership by grades is as follows: Grade XII, 32; Grade XI, 37; Grade X, 44; Grade IX, 56; Grade VIII, 36; Grade VII, 40; Post Graduate, 1; Grand Total, 246.

Class of 1935

The names, curricula and present occupations of the sixteen girls and twelve boys follows:

Academic (Latin)

Gibbons, Thomas	At Home
Lee, George	Syracuse University
McMaster, Arlene	Housework, Salem
Roode, Gertrude	McIntosh Bus. College
Titcomb, Grace	Simmons College
Valeska, Joseph	University of N. H.

Commercial

Bergeron, Eva	Dressmaker's Helper
Bodwell, Frances	At Home
Call, Lillian	Sec.—Andrew Wilson Co., Lawrence
Copeland, Eleanor	Housework, Methuen
Donabedian, Carrie	A Home
Fallows, Rosemary	Office, Arlington Mills

General

Ackerman, Roger	Carpenter's Helper
Butterfield, Charles	Working with father
Chandler, Paul	Store Room, Pacific Mills

Grant, Joseph	Spinner, Arlington Mills
Kachadorian, Beatrice	At Home
Langenbach, Rexta	Lemay Hairdressing Academy
Lion, Louis	To go in Navy
Manoogian, Henry	Northeastern University
Norris, Floyd	Arlington Mills
Palermo, Carmelo	Arlington Mills
Richardson, Edith	Housework
Rosch, Pearl	MacIntosh Bus. College
Woodbury, Franklin	At Home

Home Economics

Alexander, Virginia	At Home
Gordon, Lelia	At Home
Haigh, Natalie	Houework, Salem

Tuition Pupils

On January 15, 1936, there were 13 tuition pupils according to towns and grades as follows:

Atkinson, 3; Windham, 10; total—15.

Grade XII, 3; Grade XI, 4; Grade X, 3; Grade IX, 5; total—15.

Activities

(1) A fine teachers' reception was sponsored by the Salem Womans' Club in the Auditorium early in October.

(2) Juniors and Seniors have held several dancing parties for the school during the fall.

(3) The Seniors visited Lexington, Concord, Bunker Hill and "Old Ironsides" one Saturday in early November.

(4) National Education Week was observed by a special visiting day and assembly for parents.

(5) The annual visit by Mr. Russell H. Leavitt, High School Agent, was made in November. Mr. Leavitt spoke well of the condition of the building, the attitude of the pupils and the teaching in general.

(6) "The Gypsy Troubadour", an Operetta, was presented by the Athletic Association, under the splendid direction of Mrs. Eva Thompson, our music teacher. Much credit goes to Miss Guild for her work with the dancers, Mrs. Smith with the "speeches", Miss Swanson with the costumes, and Mr. McPhee with the scenery.

(7) Football was again stressed for boys while nothing was offered for the girls of the school. Under the direction of Head Coach Howard McPhee and Assistant Coach John Bowyer the team had a very successful season. Victories were registered over Rockport, Hampton, Milford, Dracut, Traip and Chelmsford. The team lost but twice, to teams much out of its class—Methuen and Johnson High of North Andover. Far more important than the victories were the facts that no serious injuries were sustained, and that good feeling existed between the players of all teams met.

At the close of the season the Lions' Club sponsored a fine banquet for the entire football squad. Senior boys were presented with gold footballs, sweaters, letters and certificates. Other letter men received silver footballs, letters and certificates.

We are very much indebted to Mr. Russ for the use, free of charge, of the Wood Heel Field. We would have found it very difficult to conduct football without his co-operation.

Drs. Smith and Soule generously gave their services as did Trainer Murphy of Lawrence.

Dr. Soule gave us the use of rooms in the Rockingham Hotel for dressing, both for visiting players and our own. This was not only very useful for all players but gave visitors a much higher opinion of Salem than they would have otherwise received.

(8) The Seniors under the direction of Mrs. Smith issued at Christmas time an edition of the school paper, "The Ray".

(9) During the morning recess period all pupils and teachers have participated in physical exercises. During good weather, this was done out of doors and on stormy days indoors before open windows.

(10) Fire drills have been held from time to time under the direction of the Student Council.

(11) Assemblies are held on Fridays and on special occasions.

(12) At the present time Seniors are preparing a play, "The Blue Bag" for presentation on January 31, 1936. Mr. Rourke is coaching and taking care of all details of the production.

(13) Both boys and girls basketball squads are practicing and playing games with neighboring schools. Mr. McPhee is again working with the boys while Miss Swanson has charge of the girls. The more inexperienced players are in charge of the headmaster.

(14) Two half periods each week are devoted to games and physical education in grades seven and eight.

Needs

During the last twenty years the changes in secondary education have been many and varied. The Junior College and Junior High School movements, different types of curricula, different buildings for the different curricula such as practical arts, commercial, technical and classical High Schools. These schools are much extended as compared to the High School of the late nineteenth and early twentieth centuries. The four year school is far less common than it used to be. The early organization of eight years of elementary school, four years of high school and four years of college has been replaced in many places by an elementary school of six years, preceded by a kindergarten, followed by a secondary school of grades seven through twelve and sometimes thirteen and fourteen. The

secondary school again is followed by the college and the college by the university.

It seems that we have progressed a long way from the day in 1635 when the first secondary school was founded with the single purpose of preparing boys for college. We now try to aid each pupil in a many sided growth by giving him or her training that will tend to make him or her a pleasing member of society, a good citizen, a morally strong person, one who can enjoy beauty, one who can participate in and enjoy some good recreational hobby, one who has some occupational efficiency, and one who has a healthy body with which to work. It is a tremendous task and requires teachers who can rise above the petty details of every day work and keep constantly before them the goals of education.

Our ancestors could do very well in the world with a grammar school education, our immediate forbears were qualified to make a living with a high school training. To-day every child needs a high school education as a basis for specialization in some trade or further study, and to be qualified to cope with the amazing complexity of modern life.

The boys in Woodbury High School need a different type of education from that which is now offered to them. Four curricula are offered to our girls: Latin, General, Commercial, and Home Economics. It is true that boys may take the Commercial Course. This, however, should be discouraged in all but rare instances. We are not justified in providing two practical courses for girls and none for boys. Woodbury High School very much needs a course in Mechanic Arts or Agriculture. This would involve making an addition to the present plant for it is already filled to capacity. Not only would such an addition make possible a valuable contribution to the education of many boys but would automatically relieve the

congestion in the building by providing additional classroom space.

In conclusion, I would invite all parents and friends of Woodbury High School to visit classes often. You will find us anxious to cooperate with you for the good of your children. Only through the full cooperation of parents, teachers and pupils can best results be obtained.

Respectfully submitted,

J. J. MORGAN,
Headmaster.

January 15, 1936.

REPORT OF SUPERVISOR OF MUSIC

To the Superintendent of Schools:

I herewith present my annual report as Supervisor of Music in the Salem Schools.

Three new sets of books from the Music Hour Course published by Silver, Burdett and Company were added at the beginning of the 1935-36 school term. The fourth grade reader at Number 8 and Number 9 Schools, and the fifth grade reader at Number 6 School.

In the annual reports I have more than once given the aims of the work in detail; this year I will give a quotation from a new outline of our series of text books; we seek "to develop power and enthusiasm in participation and enjoyment in listening."

"The Gypsy Troubadour" an operetta in two acts written by Preston and Wilson was presented by the Woodbury High School pupils on November twenty-second. Commendable work was done by the boys and girls and the affair was a success financially.

In looking back over the year's work I find in every case cooperation and pleasant classroom associations. In closing I wish to express my thanks to you and the teachers for the interest and support given me.

Respectfully submitted,

EVA W. THOMPSON,
Supervisor of Music.

REPORT OF SCHOOL NURSE

To the Superintendent of Schools, Union No. 55:

I herewith submit my annual report for the school year 1934-1935.

I wish to thank the Superintendent, teachers, members of the School Board, and the members of the Lions' and Woman's Clubs, also the various churches, who have so kindly co-operated, and helped to make the year a success.

The report follows:

No. pupils examined	655
No. pupils absent	3
No. pupils excluded, (contagious or suspicious)	22
No. pupils underweight, 10%	71
No. pupils receiving treatment	43
Improved since last examination, (gained weight)	19
Defective vision:	
No. pupils	30
Receiving treatment	4
Corrected since last examination	29
Defective hearing	6
Treated	3
Nervous condition	1
Treated	1
Defective teeth:	
No pupils	274
Treated by dentist, since last examination	204
Diseased tonsils	71
Treated or corrected	13
Defective breathing	4
Enlarged glands of neck:	
No. pupils	13
Treated	6
Defective speech	1
Notices of all defects found, were sent home to parents.	

Report of contagion and vaccination:

Chicken Pox. Epidemic. Many cases.

German Measles. Epidemic. Many cases.

Pediculosis 7

Treated and excluded from school.

Skin diseases 17

Excluded from school, and treated.

No. children vaccinated 654

Unvaccinated (Excused) 1

Special Clinic held.

Dental Clinic. 44 pupils attended.

Tonsil Clinic, Haverhill. Dr. Benson's Hospital, 4 attended.

Eye Clinic, Haverhill, 18 attended.

Mental Clinic held in Nashua, 3 attended from Salem schools.

Other work accomplished:

No. visits to schools 479

No. visits to homes 290

No. children accompanied to Doctor. (Ear specialist) 1

No. children accompanied to hospital 7

No children accompanied to bone clinic 3

Treatments secured as follows:

Posture brace for one needy child. (Dr. Jones, bone specialist).

Treatment for injured leg 1

(Dr. Jones, bone specialist).

Appendix operation, (Elliott Hospital) 1

Tonsil operations 5

Exeter Hospital 1

Dr. Bensons Hospital 4

For discharging ear, Derry Hospital, adult 1

No accompanied to clinics:

Goitre Clinic, Manchester 2

Tonsil Clinic, Manchester 7

Venereal Clinic, Manchester 2

Mental Clinic, Nashua	3
Accompanied to eye specialist	18
Glasses provided through funds	10
Glasses provided by parents	4
Not needed	2
No children accompanied to dentist in Manchester	13
Dental clinic held in December 44 children attended, and had their teeth put in good condition. 41 received certificates for complete dental care.	
Twenty bottles of Cod Liver oil were given to needy children.	
Milk was also provided through State funds.	
Organizations that contributed to the Health work are as follows:	
Junior Women's Club, posture brace \$10. Public Welfare \$8.00. Salem Woman's Club, glasses \$5.00.	
Salem Woman's Club for dental clinic, \$20.00 to be used in the fall of 1935.
